

Construction Update

For the week ending 05/11/07

Great progress continues to be made at Emerald Village. The building is 95% complete—many units are now being painted along with carpeting and tile, and furniture has been ordered. An early June completion date is anticipated.

Comprising more than 100,000 square feet on three levels, Emerald Village will offer contemporary retirement living in 100 independent living apartments and 30 assisted living units.

Emerald Village will also offer a range of additional services, including meals, housekeeping and transportation.
